Dr C. Hering, Dr A Lippe, Dr H Guernsey, Dr Wilson, Dr G Starkey, Dr Heermann & Prof Stephens having met at Dr Hering's presented their respective credentials from the Board of Managers of the homœopathic Medical College to the following Chairs:

New Faculty.

Dr Hering	Practice of Medicine
Dr ~~Lippe~~	Materia Medica
Dr Guernsey	Women & Children
Dr Starkey	Surgery
Dr Wilson	Anatomy
Dr Heermann	Physiology
Prof Stephens	Chemistry

hence constituting collectively the Faculty of the homœopathic Medical College of Pennsylvania.

Going into the business of Organization as a Faculty, the motion was made & seconded that Dr Guernsey be the President pro tem. Carried

organiz. pro tem.

The further motion was made & seconded that Dr Heermann fulfill the duties of Secretary pro tem. Motion carried.

Thus temporarily organized, the Faculty went into formal election of its officers to serve until the annual election time of September next, with the following results: Were elected:

Organization:

Dr Guernsey	President of Faculty meetings.
Dr Heermann	Dean of Faculty
Dr Starkey	Recording Secretary of Faculty meetings.

Dr Hering submits to the Faculty the following:

Insufficiency of one Chair of: Instit & Practice.

" Whereas the vast field of Institutes & Practice of Medicine
" can not be properly gone over by any one member of the Faculty
" in one session, the Faculty devise some means of either having
" an Aid or Vicar for his Chair, or divide the duties of his Chair
" into distinct provinces.

Dr Heermann moves the Chair be split in two: viz:
1° Chair of Practice of Medicine reserved to Dr Hering
2° Chair of Semeiology & Diagnostics allotted to Dr Raue.

Dr Wilson objecting to the uncomfortableness of any split Chair, moves to amend the motion by the formation of two distinct Chairs in this Branch.

A new Chair

The question arising as to the necessity of creating a new Chair, it is suggested that Dr Rane can not accept of any position, which is not on an Equality with that of other members of the Faculty.

Dr Hering moves to amend the previous motion by suggesting that some action be taken by the Faculty as to the Emoluments now accrueing to the one Chair of Institutes & Practice, being simply divided between the two Chairs, viz: the Chair of Practice of Medicine, & the Chair of Semeiology & Diagnostics, putting off to some further period an increase of Salaries, when the students tuition fee itself could be increased. Amendment postponed.

Amendment to motion.

The question coming up again as to the name & nature of the two Chairs, Dr Starkey moves: that the two Chairs be named

1° Institutes of Homœopathy & Practice of Medicine, occupied by Dr Hering.

2° Chair of Natural history of Diseases, Diagnostics & Clinical Medicine — to be occupied by Dr Rane.

Dr Hering objects to name of the second chair, alleging that as diseases change according to individualities & reigning type, there can be no generic names adhered to, or we fall into the Routine of Old school practice, fitting medicines not to symptoms, but to names of diseases. Dr Hering suggests that the name of "special pathology" covers all the ground which might be understood under the title of Natural history of Diseases, their names, & accompanying characteristics; and the name of "Diagnostics" represents all the means which percussion, auscultation, semeiology, chemical & microscopical examination give us to prescribe with accuracy in special pathological cases, or disease.

Dr Starkey's motion therefore comes up in this form:

The Faculty leaving the Chair of Institutes & Practice of Medicine to be filled by Dr Hering under the name of: "Therapeutics"

propose to the Board of Managers, for their approval, that a new Chair be created under the title of:

The New Chair. " Special Pathology & Diagnostics "

Motion carried.

Notific. to Dean of Old Faculty to secure transfer of Books & papers

Upon motion of Dr Starkey the Secretary pro tem is requested to notify the Dean of the Old Faculty of the hom. Med. College of the Organization of the new Faculty in order that the Books & papers pertaining to the Office be handed over to the present incumbent.

Appeal to Alumni & general public

Upon motion of Dr Heermann an appeal to the Alumni of the College, & one to the public, approved of by a joint committee of the former Faculty & former Board was read at this meeting:

The purport to have for intention the relief of our Institution from debt.

Committee thereon.

The Faculty objecting to the despondent tone of the same, Dr Starkey was, upon motion, appointed a committee to revise the same & present them for approval at the next meeting.

Announcement. (Committee on)

Upon motion of Dr Lippe Dr Heermann is chosen a committee to draft an Announcement for the coming season to be presented for approval to the Faculty at its next meeting.

Janitor.

Dr Guernsey calls the attention of the Faculty to the inefficiency of the present Janitor of the College.

Thereupon, due motion being made & seconded, the Faculty resolve to dismiss him as soon as feasible.

Upon motion of Dr Starkey, the President, Dr Guernsey is appointed a Committee to confer with a married individual, who will accept the place of Janitor of our College with its present duties & emoluments, to be installed at the earliest possible moment

Upon motion, resolved when this meeting adjourns, it be to meet
